

# Global Import Export of Salt & Ice Melt

**DELIVERY AVAILABLE VIA SHIP, BARGE, RAIL, DUMP TRAILER, TRI-AXLE, DRY VAN OR FLATBED.**

**Chemical Equipment Labs** is a world-wide supplier of Highway Rock Salt, Solar Salt, Animal Feed Salt, Pool Salt, Pharmaceutical Grade Salt, Magnesium Chloride, Calcium Chloride, Potassium Chloride, Urea and Liquids for Deicing. Products may be purchased in a variety of ways such as bulk, bagged, pellet or flake granular, tote or tanker.

Chemical Equipment Labs has developed a very unique network of suppliers and finished product to successfully fulfill your need if you are an industrial distributor, retailer, corporate end user, private company, chain stores and sports stadiums.

Chemical Equipment Labs provides both Solar Salt and De-Icing Salt in Bulk and provides logistic support to see that your products arrive on time – every time!

Chemical Equipment Labs imports salt from worldwide sources. Salts are deep mined, solar evaporated or surface evaporated

from brine wells.

A Chemical Equipment Labs Executive is available to speak with any interested parties regarding expansion, growth, opportunities and promising business relationships.
